

Disney Dining

Enhance your client's Disneyland® Resort vacation when you add pre-paid Disney dining meal options like Dine in the Magic meal plans or Premium and Resort meal vouchers.

Your clients are more willing to pre-pay Disney dining meals when you show them the value, convenience and fun they can have. And, you get to increase your commission, too.

Why book a hotel and ticket package with Walt Disney Travel Company?

We don't just sell Disney—we are Disney! Your clients can experience Disney's legendary guest service from the moment they check-in. Plus, hotel and ticket vacation packages save your clients time from waiting in line and money in their pocket.
